

Double Fence Line Turnstile EAG58480A-209

Product Description

The type 480 turnstiles feature a 90-degree or 120 degree rotor with straight or hooped bars are suitable to operate in an internal or external environment. Powder coated or stainless steel finish options available. Electrically controlled for entry/exit or free wheel option. Available with fail locked or unlocked solenoids to conform to security or fire safety requirements. A 12-volt dc logic control unit integral with the 230-volt mains AC mains supplied power unit. The logic control readily accepts voltage free contacts from most access control devices, eg. card readers, code locks, proximity readers, etc.

Options
