

Single Fence Line Turnstile EAG58480B-200

Type 480B-200

This single fenceline turnstile is suitable for internal or external use and is electrically controlled with a robust locking head for bi-directional use.

Is also available as a double turnstile (see Datasheet Type 480A-209) and with full height gate for DDA compliance (see Drawing 480B-201)

Specification

- Manufactured from mild steel and finished powder coat black
- 120° rotor and straight bars
- Fail open on power failure
- Fire alarm interface relay
- Single walkway
- Status lights LED to indicate when to proceed
- Free standing—bolts directly on to concrete plinth
- Factory fitted PSU in IP67 enclosure in the turnstile top tray
- Compatible with access control systems
- 12VDC control PCB unit integral with the 230V AC mains supplied PSU

Additional Options

- Manufactured from stainless steel
- Hooped bars
- Extra height frame and rotor
- Overhead rain shield
- Fail locked on power failure
- Rotor sensing—to detect direction of rotor travel
- Mild steel galvanised finish
